City of Lafayette Staff Report

To: City Council

From: Joanne Robbins, City Clerk

Date: April 3, 2008

Subject: Sunset the Parking Meter Task Force

On December 11, 2006 the City Council appointed a Parking Meter Task Force to make recommendations on where and what type of additional parking meters should be installed in the Downtown to fund the City's new Code Enforcement Officer.

On June 11, 2007 the City Council adopted the Parking Meter Task Force recommendation to install 97 new metered spaces in the Downtown. As of this date all new meters have been installed.

Recommendation: Sunset the Parking Meter Task Force and authorize the Mayor to send letters of thanks to Cindy Sevilla, Larry Blodgett and Jess Wellen.

Subject: BPAC Resignation

Joanne,
Please notify the City Council that I received notice today from Yehuda Sherman of his resignation from the Bicycle and Pedestrian Advisory Committee as he has moved out of the area. Dr. Sherman was one of the primary residents responsible for the establishment of the BPAC and his commitment to improving bicycling safety never waivered. During his time on the BPAC, Dr. Sherman served as its Vice-Chair, worked on the development of the City's Bicycle Master Plan and assisted in implementing the Lamorinda Loop signage project in Lafayette. Dr. Sherman's dedication to biking inspired many.
Sincerely,
Leah
